

Start

```
graph TD; Start([Start]) --> A[starre Verschiebung]; A --> B[Erster Durchlauf]; B --> C[Ebene approximieren]; C --> D[Interpolation]; D --> E[Zweiter Durchlauf]; E --> F[Fehlerkorrektur]; F --> G[Interpolation]; G --> Ende([Ende]);
```

The flowchart consists of nine rectangular boxes arranged vertically, connected by downward-pointing arrows. The boxes are color-coded: the first and last boxes are pink with rounded corners, while the others are orange or light blue with sharp corners. The text is in a black serif font.
